### **Best time to visit Bardia**

The best time to visit Bardia National Park is from mid-September till mid-December and another season start of February till the end of May. During these months day temperatures is between 25 till 37 degrees and animals will move to the river to drink which gives you better chances to see them. It is high chance to see **Royal Bangal Tiger**. From mid-December onwards till the end of January it can be chillier and sometimes we have foggy weather. The monsoon brings hot and sticky days and starts in June and till the end of August. The rising river levels can make access inside to the park difficult.
